

ICVES IEEE International Conference on Vehicular Electronics and Safety

14-16 November 2022

Bogotá, Colombia

Visit our conference web page: <http://> /

CALL FOR PAPERS

General Chair

Luis Felipe Herrera Quintero
Universidad Piloto de Colombia/Ministry of Transportation of Colombia/ ITSS

Program Chair

Luis Andrés Marentes Cubillos
EAFIT/ Ministry of transportation of Colombia/ITSS
Program CoChair

Klaus Banse MSc
ITS Colombia/ SIT LTDA

Miguel Angel Sotelo PhD, University of Alcalá
ITSS (Intelligent Transportation Systems Society)

Finance Chair

José-David Cely
Universidad Distrital Francisco Jose de Caldas,
Colombia

Workshop/Tutorial Co-Chairs:

Carlos A. Lozano G., Andes University, Bogotá

Publication Chair

Diego Bermudez PhD, Digital National Agency/
Ministry of Transportation, Colombia

Steering Committee Chair

George Proeller PhD,
Colorado Technical University,
United States, USA

Miguel Angel Sotelo PhD,
University of Alcalá, Spain
ITSS (Intelligent Transportation Systems Society)

José-David Cely
Universidad Distrital Francisco Jose de Caldas,
Colombia

Website and Social Media Chair

Edgar Barreto, Edward Burgos, (Website)
Ministry of Transportation, Colombia

Julia Vega MSc. (Social manager)
National Digital Agency, Colombia

NOTICE:

IEEE ICVES
All accepted papers will be included in the proceedings at IEEE Xplore.

Technical Sponsors

Supported By:

The 2022 IEEE International Conference on Vehicular Electronics and Safety (ICVES'2022) is supported by Intelligent Transportation Systems Society (ITSS) belong to IEEE. This conference is focused on the presentation of new advances and research results in the fields of intelligent vehicular electronics and safety. Currently in the world there are a lot of students, engineers, leading academic scientists, researchers and scholars working so hard in order to produce ITS advances that allow improving the safety and mobility. In accordance with all the efforts of interested people in this conference, please, send us your research ideas and the way to face the challenge that represent to produce knowledge in this area because people needs each time more Solutions that make our lives better considering all the safety aspects around vehicles.

This time, ICVES take place in Bogotá that is the core of central business in Colombia, located at an elevation of about 2,650 m. / 8,660 ft. on a mountain rimmed plateau high in the Cordillera Oriental of the Andes Mountains. This gives it constant spring like weather. It lies only 4°36' north of the equator.

TOPICS OF INTEREST

Areas of interest include and are not limited to the following topics:

- Active & Passive Safety Systems
- Telematics
- Vehicular Power Networks
- X-By Wire Technology
- System-On-a-Chip
- Vehicular Sensor
- On-Vehicle Sensor Networks
- Embedded Operating Systems
- Electro Magnetic Compatibility
- Inter-Vehicular Communication
- Vehicle Testing
- Smart Vehicles Prototypes
- IoT Solutions applied to vehicles
- Navigation & Localization Systems
- Vehicular Measurement Technology
- Vehicular Signal Processing
- Micro-electromechanical Systems
- Image Sensor
- Vehicle/Engine Control
- Driver Assistance Systems
- Adaptive Cruise Control Systems
- Pattern Recognition for Vehicles
- Vehicle-to-X Coordination and Control
- Multi-Vehicle Systems
- Motorcycle Intelligent Systems
- Devices for improve safety
- Intelligent Vehicles

IMPORTANT DEADLINES

Submission of full papers: August 9th, 2022
Notification of acceptance: September 15th, 2019
Submission of camera-ready papers: September 22th, 2019
Early Registrations Deadline: October, 4th, 2022,
Authors Registrations Deadline: November, 1st 2022,
Conference Days: November 14^h – 16th, 2022,

PAPER SUBMISSION: visit our page to submit your paper

We solicit submissions of high-quality full papers reporting original and novel research results on all above topics. Papers must be written in **English, or Spanish** unpublished and not submitted elsewhere. All submitted papers will be peer-reviewed. Critical parameters will include originality, significance, relevance, technical soundness, and language clarity. Full papers (with max 6 pages) will be presented in English or Spanish languages. Papers written in Spanish or must have abstract, title and keywords in English. Approved paper will be indexed in IEEE Xplore.

Instructions to send papers

Please visit our we b page to submit your paper, we use the EasyChair System.
